The First Presidency, All Is Safely Gathered In: Family Finances

“How important are money management and finances in marriage and family affairs? May I respond, “**Tremendously.**” The American Bar Association has indicated that 89 percent of all divorces can be traced to quarrels and accusations over money. Others have estimated that 75 percent of all divorces result from clashes over finances. Some professional counselors indicate that four out of five families are strapped with serious money problems.” **Elder Marvin J. Ashton**, *Guide to Family Finance, Ensign, April 2000*
